OFFICE OF THE REGISTRAR & ALUMNI

To Whom It May Concern

This is to certify that
Abdi Hussen Dahir
*Graduated from College of
Natural & Computational Sciences
With
Bachelor of Science Degree in
Geology
With CGPA - 2.72
On November 15, 2019*

*This Temporary Certificate of Graduation has been given pending the
issuance of actual diploma and transcript which will be given after
the completion of the obligation stated in the cost sharing scheme.*

Director; Office of the Registrar & Alumni

ESAYAS YILMAKUB
Director Registrar & Alumni

To whom it may Concern

It is my great pleasure to write this letter in support of *Mr. Abdi Hussen's application* for jobs in areas of hydrogeology. During his stay in the Geology Department of Dilla University, *Mr. Abdi Hussen* has taken basic Hydrogeology courses which include principles of hydrogeology, groundwater exploration and development, and groundwater resource management. As instructor of these courses and his supervisor during different field mappings, I have learned that he is hardworking, eager to learn, and proved that he has well understood basic concepts of Hydrogeology. As a result, I strongly believe that he can handle any practical *Hydrogeological* activities in areas of groundwater exploration, water well drilling and pump test supervision, groundwater quality evaluation, etc. Furthermore, he is active participant in discussion, and he is known by caring nature and decent personality and always respects others' opinions even when they differ from his own.

Therefore, based on my observation, I strongly support him for any position related to the above mentioned hydrogeological activities. Please do not hesitate to contact me for more information.

Yours sincerely,

Fikadu Weldemariam (Ph.D.)
(Assistant Professor, Hydrogeology)
(Vice president of Dilla University)
(Email: fikaduwoldemariam@yahoo.com)

Phone: +251 911-042-787

Department of Geology, College of Natural and Computational Sciences
Dilla University, Dilla, Ethiopia.

To Whom It May Concern

This to verify that **Mr. Abdi Hussen** is known to me since 2015 as an undergraduate student at the department of Geology, Dilla University, in which the language of instruction is English. I, as an instructor, taught him more than five basic geology courses (like: Geomorphology, Stratigraphy and Earth History, Paleontology (with its practical), Sedimentary Petrology (with its practical), Mapping Sedimentary Terrain, & Coal and Petroleum Geology courses. During that time I had an opportunity to interact with him and his academic performance in my courses has been excellent. As per my observation, he has been showing interest in learning and believes in hard working, capable to face hardships in the geological field works, quite inquisitive to collect data and learn in the field; and posses suitable temperament to work in groups. He is committed, hard worker, punctual and cooperative person. Also as I observed in different presentations and discussion, his proficiency in English language is very good in oral and written communication.

In general, I have noticed a very strong habit of continuous learning and hardworking in his attitude and he has basic knowledge of collecting, handling, processing and interpretation of geological data both in the field and in the laboratory. Therefore, I commend **Mr. Abdi Hussen** for any potential job position in the fields of geology and further study or research works, and I wish him the entire best successful future endeavor.

Please don't hesitate to contact me by any of my addresses listed below for any further queries.

With Best Regards!

To whom it may concern

I have known Mr. **ABDI HUSSEN DAHIR** since 2016, he joined as a B.Sc student at the Department of Geology, College of Natural and Computational Science, Dilla University, Ethiopia. His education background reveals that he is well versed in the fundamentals of Geology such as Mineralogy, Structural Geology, Geomorphology, Sedimentology, Igneous & Metamorphic Petrology, Paleontology, Stratigraphy, Hydrogeology, Remote sensing and Petroleum Geology along with hands on laboratory skills in Paleontology, Optical mineralogy, Petrology, Remote sensing, Structural and Geological Mapping. He has also made several field visits including Sedimentary, Igneous and Metamorphic terrain.

In his quest for fulfillment of B.Sc., degree program, he has involved himself in various research projects and completed successfully. The tenure of Mr. **ABDI HUSSEN DAHIR** with me, I have taught him various geological subjects like, Paleontology, Sedimentology, Mining Geology, Research methodology and Petroleum Geology. During this period, he has actively participated in lecture hour and he scored well in all the subjects. I am very much satisfaction on his activities and it is my pleasure to highly recommend Mr. **ABDI HUSSEN DAHIR** for any position that he applies for in the field of Geological Science. I wish him all the very best in all his endeavors.

Best Regards,

Dr.P.Sathiyamoorthy
